CENSUS OF THE COMMONWEALTH OF AUSTRALIA, 1911—OCCUPATIONS.

NOTE.—In the classification of population according to occupations, inmates of Hospitals, Charitable Institutions, Penal establishments, etc., have throughout been classed to the occupation usually or formerly followed by them where such occupation was indicated on the personal card. Hence, in Class VIII.—"Dependents," the figures shewn herein, comprise under the heads "Supported by Voluntary or State Contributions" and "Criminal Class (under legal detention)" only those cases in which information concerning the former or the usual occupation was not available. For example, a "Farmer" under legal detention would be classed to "Agricultural pursuits" grade "not applicable" rather than to "Dependents."
